

# HG MACHINERY GROUP CO.,LTD.

## ABOUT US

Established in 1981, **Huanggong Machinery Group, China** covers a total area of 19.8 thousand square meters as our own industry park, and 15.8 thousand square meters for building area, with a total assets of over RMB100 million Yuan and 508 employees, including 58 technicians and 16 senior professional technicians as well as 2 experts enjoying State Council Subsidy. There are seven holding corporations branched under our group. Integrating with design, development, manufacturing, sales and service, we are the leading and professional manufacturer of various **liquid pumps** both for **land** and **marine use** such as **Twin/Triple Screw Pump, Gear Pump and vacuum Pump** as well as **Gastight Bulkhead Gland & our newly-developed pumps-HYDRAULIC DEEP WELL PUMP and Electric Deep Well Cargo Pump**. We are adjacent to China's several famous resorts such as YANDANG MOUNTAIN and it is convenient for your travel to us.

The foreign most advanced technology was introduced to be cooperatively developed with domestic first-class universities, by which we have gained many national patents and awarded provincial high-tech enterprise. Furthermore, ISO9001 certification, CE, API, certificates for marine products as CCS, BV, NK, KR, ABS, RINA, and Member Enterprises of Material Resources Market of Sinopec & PECC have been gained successively by us on the basis of high-quality engineering technicians & employees, computer information management system, excellent equipments and strict testing procedure & personal integrity, which established a concrete foundation for our further and speedy development.

Our products are widely applied to many industries such as Petroleum, Chemistry, Shipbuilding, Power plant, Boiler, Metallurgy, Pharmacy, Food, Municipal Engineer and key equipments of national large engineering projects. The quality of our products have been well accepted for many years by a number of old and new customers, and you are welcome to contact us for any business opportunity.

Huanggong people always comply with the philosophy of Collecting First-class Talents, Creating First-class Enterprise and Establishing Superior Brand and the management aim of Customers Centered & "Zero" Compliance, as well as the quality guideline of System-based & Purchasing "Zero" Defection, to retain innovation and credit for reciprocating our esteemed customers and society with attitude of truth-seeking & sincerity and choicest products & best service.

# HG MACHINERY GROUP CO.,LTD.

**HYDRAULIC DEEP WELL CARGO PUMP**  
Mainly for Oil and Chemical tankers  
Capacity: up to 700m<sup>3</sup>/h  
Head: up to 120MLC

**ELECTRIC DEEP WELL CARGO PUMP**  
Mainly for Oil and Chemical tankers  
Capacity: up to 350m<sup>3</sup>/h  
Head: up to 110MLC

TWIN SCREW PUMP---double ended  
Capacity: 0.5-2500m<sup>3</sup>/h  
Pressure: 01-60 Bar  
Viscosity: 0.5-100,000mm<sup>2</sup>/s  
Temperature: -30-300°C

TWIN SCREW PUMP-single ended  
Capacity: 0.5-60m<sup>3</sup>/h  
Pressure: 0.1-20 Bar

Shanghai Branch ADD: No. 1251-3, 5C, Jiangning Road, Putuo District, Shanghai R.P. China 200060

Factory ADD: Huanggong Industrial Park, Dongou Industrial Zone, Zhejiang, China
